

Wendy Barlin, CPA

Managing Director,
Whitman Transition Advisors

About Wendy

Wendy Barlin is more than an accountant. She is a Business Strategist and financial confidante. Her specialty is taking all the tedious financial chores off the shoulders of busy professionals and business owners so that they can focus on the areas where they excel.

Her professional experience spans more than 25 years in industries as diverse as hospitality, entertainment, and the retail industry. Together with her international background and an understanding of foreign trade, she brings rich sources of information to her clients' businesses. Having built and sold her own remote tax and accounting firm, Wendy now helps other firm owners reach their goals.

Growing up in Cape Town, South Africa, she graduated from the University of Cape Town with a double major in Accounting and Information Systems. By learning accountancy using pencil and paper rather than computers, she knows the intricacies of the information flow through the accounting system. This makes it easy for her to solve problems quickly.

During a one-year break spent backpacking around the world in search of her dream, Wendy fell in love with the sparkle of the City of Angels and decided to make her home here.

Today, Wendy lives in Ponte Vedra Beach, Florida with her husband, two children, and her whoodle Chewy. When not working with clients, Wendy can be found golfing, playing tennis, and reading a good book on the beach.

Wendy is a member of the Florida Society of CPAs and the American Institute of Certified Public Accountants.
